ISUN GROUP

GROW WITH SUN

“Successful businesses always start small but
Have a grand vision and a purpose behind them.”

APPROVED BY:

GEDA

Empowering a brighter future by building sustainable infrastructure and delivering accessible solar solutions for India and the world.

Leading the transformation towards a sustainable future, powered by clean energy and resilient infrastructure, where every community thrives.

Driven by innovation, integrity, collaboration, sustainability, and excellence in every endeavor

ISUN GROUP : Nurtured by four visionary individuals with humble farmer backgrounds, **ISUN GROUP** stands as a testament to Unwavering determination. **Mr. Prakash Patel, Mr. Akash Joshi, Mr. Ketan Gondaliya, Mr. Manoj Sekhat and Mr. Hiren Patel**, all Graduates with a shared passion for entrepreneurship, chose not to tread the corporate path. Instead, they embarked on a Remarkable journey with a clear choice: farming or creating their own business.

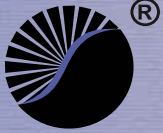

With minimal resources but boundless intellect, these four Leaders embraced the challenges of the competitive business world during their graduating the foundation for an enduring legacy.

Our Commitment

Quality excellence is something every company strives for, almost all assert, but few can substantiate. Here at **ISUN Group**, Our commitment to providing top quality products and services is paramount.

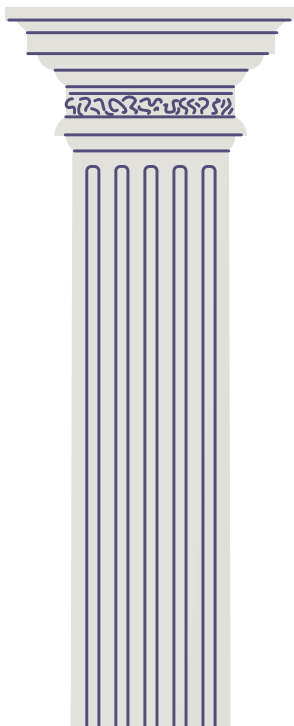

Every sunlit opportunity, every charging challenge: We thrive on diversity. At **ISun Group**, we understand that no two installations, no two clients are the same. Our passion lies in collaborating with you to find the most efficient, sustainable solutions for your specific needs.

Innovation, not imitation: With 12 years of Solar expertise illuminating our path, we're dedicated to going beyond industry standards. We partner with you to craft unique solutions that tackle your energy challenges head-on, delivering the highest quality products and services every time.

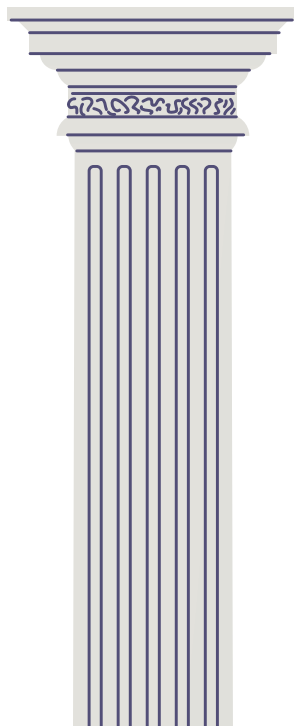

Brilliance beyond the panels: Our commitment to operational excellence shines brighter than the sun. As we continually improve our internal systems and processes, doing business with ISun becomes smoother, faster, and more reliable. Every interaction, every installation is just another step towards a brighter future – powered by exceptional service and unwavering dedication.
